

## 3 Tools That Could Replace The Job Interview

### Question Sheet

Look at the words in column A below. Find these words in the article and try to guess the meaning of each word according to how it is used in a sentence. Next, try to match each word in column A with a similar meaning word from column B (you can look up the words in column B in a dictionary if they aren't familiar).

1	impactful	_____	confirm
2	ensure	_____	interview
3	modification	_____	filtering
4	divulges	_____	adjustment
5	encounter	_____	appraisal
6	assessment	_____	reveal
7	sifting	_____	effective

What is an early-stage startup accelerator? \_\_\_\_\_

\_\_\_\_\_

What did the Founder Institute establish? \_\_\_\_\_

\_\_\_\_\_

What are the three tests or tools the writer mentions? \_\_\_\_\_

\_\_\_\_\_

What does the writer mean when they say "There is no best answer for candidates to choose"?

\_\_\_\_\_

"Cream.hr allows employers to quickly and easily shortlist employees": do you think that Cream.hr's scientifically proven algorithm might make a mistake?

\_\_\_\_\_

On a separate piece of paper, write a short essay about this topic: "Do you agree or disagree that job interviews won't be used by employers in the future?"
